Complaints

1. Why can't I apply with a different carrier?

Applicants call the Administrator while they are at a booth trying to apply to a different carrier. They ask why they are unable to complete the application process. It does not appear they are being advised of the 30-day enrollment freeze at the booth or by their existing carrier.

2. Why can't this be simpler?

Participants are frustrated when carriers advise them to contact the CA LifeLine Administrator for cancellation requests. They are referred to the Administrator to end the enrollment freeze, and in general find it difficult to determine who to contact for cancellations so they are able to reconnect within 30 days.

3. Why did I lose my discount when I changed my mind about transferring my service?

A participant decides to transfer service from carrier A to carrier B, but changes their mind and requests the transfer be cancelled (either because they decide to stay with carrier A, or because they want to end the 30 day freeze so they can transfer to carrier C). Due to timing, the transfer request could complete before the cancellation request is processed. The discount with carrier A will be ended, and the discount with carrier B will be subsequently lost when the transfer cancellation request processes.
