## Notes

1. Officers of Pacific Gas and Electric Company include those employees in positions with titles of Vice President or above. It does not include employees who function in an officer capacity solely for governance purposes such as assistant corporate secretary and assistant treasurer.
2. Reflects the annual base salary approved for March 1, 2012 or, for new officers, upon hire/promotion.
3. Represents target Short-Term Incentive Plan award based on annual salary at March 1, 2012 or, for new officers, upon hire/promotion. Target awards range from 30% to 100% of base salary. An overall company-wide STIP score is applied that can range from 0 to 2, depending on the extent to which objectives are met. 2012 objectives were based 40% on safety, and 30% on customer satisfaction, and 30% on financial results. An individual performance modifier is then applied that can range from .75 to 1.25. Actual awards were paid in 2013.
4. Restricted stock units (RSUs) granted in 2012. RSUs generally vest in 20% increments over the first three years following the grant with the remaining 40% vesting in the fourth year following the grant. 22,565 RSUs granted to an SVP on May 7, 2012 vest in 50% increments on the first and second anniversaries of the grant. Upon vesting, the RSUs settle in net shares of PG&E Corporation common stock.
5. Performance shares granted in 2012. For the annual grant made on March 1, 2012, the estimated value is based on the average closing price of PG&E Corporation common stock for the five trading days ending March 1, 2012 (\$41.73). 6,205 shares granted on May 7, 2012 to a SVP are valued at \$44.31 per share. 5,130 shares granted on May 29, 2012 to a VP are valued at \$43.85 per share. Generally, performance shares vest, if at all, at the end of a three-year period, depending on PG&E Corporation's TSR relative to its comparator group. There will be no payout for TSR performance below the 25<sup>th</sup> percentile; there will be a 25% payout for TSR performance at the 25<sup>th</sup> percentile; there will be a 100% payout for performance at the 75<sup>th</sup> percentile; and there will be a 200% payout if PG&E Corporation's TSR ranks first. If PG&E Corporation's TSR is between the 25<sup>th</sup> percentile and the 75<sup>th</sup> percentile, or above the 75<sup>th</sup> percentile, award payouts will be determined by straight-line interpolation. Upon vesting, the performance shares settle in net shares of PG&E Corporation common stock.

CUSTOMERS FOR THE YEAR ENDED DECEMBER 31, 2012

In the 2011 General Rate Case (GRC), PG&E did not seek recovery of all of the costs included in "Aggregate Compensation". The GRC request excluded costs for the Long-Term Incentive Program, Special Incentive Stock Ownership Premiums, and officer perquisite allowances. On the "Compensation Received or Deferred" schedule those costs are presented in the columns titled "Proceeds from Stock Options Exercised", "Proceeds from Restricted Stock", "Special Incentive Stock Ownership Premiums Value at Vesting", "Other Annual", and "Other One Time." Also, as provided in the 2011 GRC settlement, PG&E's recovery of Short-Term Incentive Plan awards was reduced by \$45 million (36%). Assuming that the 2011 GRC provided for recovery of Base Salary and two-thirds of the Short-Term Incentive Plan payments, the proportion of "Aggregate Compensation" included in the 2011 GRC amounted to approximately 60%. Please note the approximate 60% figure overstates recovery in that it reflects the assumption of what was included in GRC settlement. In view of the "black box" nature of the 2011 GRC settlement, PG&E cannot say what percentage of specific pay components were allowed, but it was less than what was requested.
