PUBLIC UTILITIES COMMISSION

SAN FRANCISCO, CA 94102-3298

**PUBLIC UTILITIES COMMISSION REPORT PURSUANT TO
PUBLIC UTILITIES CODE SECTION 910.1****Introduction**

Pub. Util. Code Section 910.1 requires that the California Public Utilities Commission (Commission) report annually on the timeliness in resolving cases, information on the disposition of applications for rehearings, and the number of days that Commissioners presided in hearings. It further requires that the Commission submits the report to the Legislature no later than February 1 of each year. The Commission submits this report for the reporting period of calendar year 2017.

Pub. Util. Code Sections 1701.1 et seq. require that matters be resolved within certain time periods, depending on the categorization of a proceeding. Effective January 1, 2017, adjudicatory matters must be resolved within 12 months and ratesetting and quasi-legislative matters are to be resolved within 18 months of initiation, unless a longer deadline is set by the assigned Commissioner's scoping memo or Commission order extending the statutory time period. A proceeding has been resolved when the main issues have been decided such that the proceeding could usually be closed. At times, proceedings that have had all substantive issues decided may remain open or are "re-opened" because of other issues, such as petitions for modifications, various motions, or requests for intervenor compensation.

Prior to January 1, 2017, Pub. Util. Code Sections 1701.1 et seq., most notably the requirement for scoping memos and the statutory deadlines, did not apply to proceedings that were not subject to evidentiary hearing. Senate Bill 215 (Leno, Stats. 2016, ch.807), amended Sections 1701.1 et seq. to extend its provisions to all proceedings regardless of whether they are subject to evidentiary hearing.

As described in this report, all of the proceedings resolved at the Commission during 2017, that were subject to statutory deadlines were completed consistent with statutory timeframes, either due to resolution within the statutory deadlines, or because a scoping memo establishing a longer deadline or timely extension order was issued as permitted by law. This report provides details regarding whether proceedings were resolved in a timely manner with or without extension orders. More detailed information is contained in the attached Appendices A-I.

Appendix J reports the days that Commissioners presided in hearings, and Appendix K reports information on the disposition of applications for rehearing.

Description of Attached Appendices A-K

Appendix A – Proceedings Initiated Before January 1, 2017, not Subject to Hearings, Active During 2017 (Resolved and not Resolved)

Appendix A lists 105 cases active during 2017 that were initiated prior to January 1, 2017, and not subject to hearings. Of the 105 cases, 74 were resolved during 2017. The remaining 31 proceedings are currently active and on schedule.

Appendix B – Complaints Under the Expedited Complaint Procedure, Active During 2017

Appendix B lists 32 Expedited Complaint Proceedings (ECP) that are small complaint cases handled under special procedures analogous to “small claims” court. These proceedings are not subject to statutory deadlines. We are reporting these matters separately because the Commission has adopted more aggressive timelines for these cases than the statutory timelines for other proceedings. The Commission has established an informal 132-day target for this type of proceeding to be resolved.

During 2017, 23 of these 32 cases were resolved. Nine proceedings remain active.

Appendix C – Proceedings Active During 2017 – Proceedings Resolved on Schedule

During 2017, the Commission timely resolved 60 proceedings, including 18 proceedings that were initiated prior to January 1, 2017, and subject to evidentiary hearings and 42 proceedings that were initiated after January 1, 2017. (11 Adjudicatory, 44 ratesetting, 2 quasi-legislative, and 3 proceedings resolved rehearing-related issues that were not categorized.)

Appendix D – Proceedings Active During 2017 – Proceedings not Resolved but Still on Schedule

During 2017, there were 76 active, unresolved proceedings that were initiated prior to January 1, 2017, and subject to evidentiary hearings and 178 active, unresolved proceedings that we initiated after January 1, 2017. Of the 254 cases, 29 are adjudicatory, 14 are quasi-legislative, 1 is quasi-legislative/adjudicatory, 4 are quasi-legislative/ratesetting, and 201 are ratesetting. All of these cases are currently on schedule taking into account statutory deadlines, orders extending statutory timeframes, and scoping memos establishing deadlines that in some instances exceed statutory timeframes. Five proceedings are addressing rehearing related issues and categorization will be addressed as necessary if the Commission subsequently grants rehearing.

Appendix E – Petitions for Rulemaking

Petitions for Rulemaking are statutorily mandated proceedings subject to the deadlines in Pub. Util. Code Section 1708.5. The Commission is mandated to issue a decision in this type of proceeding within six months. Appendix E shows that five such proceedings were active during 2017 and that the Commission has issued four timely decisions. One petition is active and currently on schedule.

Appendix F – Citation Appeals and General Order 156 Appeals

The Commission, in Resolution ALJ-299, signed on June 26, 2014, established a Pilot Program Citation Appeal and General Order 156 Appellate Rules, effective January 1, 2015. Under this pilot program, these appellate records will be easily accessible, thus enhancing due process in these expeditious proceedings. Appendix F shows that ten such appeals were active during 2017 and that the Commission has issued five resolutions addressing the appeals. Five appeals are active.

Appendix G – 60-90 Day Compliance for Adoption of Decision

The Legislature has also established guidelines for the length of time between the issuance of a proposed decision and the adoption of a final decision by the Commission, applicable to ratesetting and quasi-legislative proceedings requiring a hearing. The guidelines are either 60 or 90 days depending on certain circumstances.

During 2017, the Commission considered 13 proposed decisions in proceedings subject to these guidelines. The Commission adopted 12 final decisions in such proceedings. In 9 instances, the final decision was adopted within the guidelines and in four instances, the final decision was issued later than the period specified in the guidelines. One proposed decision was withdrawn.

Appendix H – Issuance of Presiding Officer Decisions and Proposed Decisions

For proceedings that require a hearing, the Legislature has also established guidelines for the length of time between the submission of a matter for decision and the issuance of the proposed decision. During 2017, the Commission issued eight presiding officer decisions and 13 proposed decisions in such proceedings. Out of these 21 decisions, 13 were issued within the mandatory 60-day and 90-day timelines.

Appendix I – Issuance of Extension Orders and Scoping Memos

The Legislature has also established a process for extending the statutory deadlines through issuance of an extension order. During 2017, the Commission issued 46 extension orders in 31 separate proceedings (more than one extension order was issued in some proceedings), including proceedings which remained open at the end of 2017. Of the 165 proceedings resolved in 2017, 18 proceedings were subject to statutory deadlines and there were 4 proceedings where extension orders were issued.

The assigned Commissioners issued 149 scoping memos in 140 proceedings (more than one scoping memo was issued in some proceedings.)

Appendix J – Commissioner Attendance

Appendix G reports the Commissioner attendance at hearings during the period. The table shows that Commissioners attended 53 days of hearings and presided during 31 of those 53 days.

Appendix K – Information of Disposition of Application for Rehearing

Appendix K reports information on the disposition of applications for rehearing in 2017.

Conclusion

In summary, this report, submitted in compliance with Pub. Util. Code Section 910.1, provides the public and the Legislature information on Commission action in formal proceedings. Specifically, 466 proceedings were active at the Commission during the 2017 reporting period. 166 of these proceedings were resolved during 2017. 100% of the proceedings subject to statutory deadlines were resolved consistent with statutory requirements taking into account scoping memos, which in some instances set deadlines longer than statutory timeframes, and orders extending the statutory timeframes adopted by the Commission, as permitted by statute. The Commission is committed to continuing to achieve full compliance with the statutory guidelines.
