

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

RAIL SAFETY DIVISION
RAIL CROSSINGS AND ENGINEERING BRANCH

Resolution SX-151
February 15, 2024

RESOLUTION

RESOLUTION SX-151 ADOPTING UPDATES TO THE LIST OF
CROSSINGS EXEMPT FROM THE MANDATORY STOP
REQUIREMENTS OF CALIFORNIA VEHICLE CODE SECTIONS
22452 AND 22452.5 AND DELEGATING AUTHORITY FOR
MAINTAINING THE EXEMPT CROSSINGS LIST

SUMMARY

This resolution adopts an updated Exempt Crossings List and delegates authority to California Public Utilities Commission (Commission or CPUC) staff to publish and maintain the list of railroad crossings that are classified as exempt from the mandatory stop requirements of California Vehicle Code (CVC or Vehicle Code) §§ 22452 and 22452.5.

BACKGROUND

The CVC § 22452(b) states: "Before traversing a railroad grade crossing, the driver of a vehicle described in subdivision (a) shall stop that vehicle not less than 15 nor more than 50 feet from the nearest rail of the track and while so stopped shall listen, and look in both directions along the track, for an approaching train or on-track equipment and for signals indicating the approach of a train or on-track equipment, and shall not proceed until he or she can do so safely. Upon proceeding, the gears shall not be shifted manually while crossing the tracks."

The vehicles subject to this requirement, such as buses carrying passengers and vehicles transporting hazardous or explosive materials, are required to stop at railroad crossings (crossings) prior to proceeding across the tracks unless an authorized EXEMPT sign is mounted below the advance warning sign on approach to a crossing. The list of crossings where the Commission has authorized an exemption from the mandatory stop requirements is referred to as the “Exempt Crossings List” (see Appendix A). An explanation of the columns headings in Appendix A is provided in Appendix B.

Since 1932, the Commission (then named the California Railroad Commission¹) issued determinations of whether a crossing is to be declared exempt from the mandatory stop requirements under the Vehicle Code. On November 29, 1977, the Commission issued Resolution EXC-5 (see Appendix C), which summarized the details of the Commission’s previous determinations of exempted crossings and established an updated list of exempted crossings prior to January 1, 1978. This Resolution revises the list of exempt crossings.

The appearance of the authorized EXEMPT sign will differ depending on when the Commission authorized a crossing as exempt. An EXEMPT sign with a black background indicates the crossing was authorized as exempt prior to January 1, 1978. An EXEMPT sign with a yellow background indicates the crossing was authorized as exempt on or after January 1, 1978.

The distinction in appearance is due to CVC § 22452(d)(3) requirements that refer to whether an EXEMPT sign “was authorized by the Public Utilities Commission prior to January 1, 1978.” For an exempt crossing that was authorized prior to January 1, 1978, the EXEMPT sign with a black background is to be maintained consistent with the Commission authorization. The code states that a school bus and a school pupil activity bus transporting school pupils (school bus) are not subject to the stop requirement described in CVC § 22452(b).

¹ A constitutional amendment, ratified November 5, 1946, renamed the California Railroad Commission as the California Public Utilities Commission. (Senate Constitutional Amendment No. 13, Cal. Stats. 1945, Res. Ch. 145.)

At other crossings authorized as “Exempt” after January 1, 1978, consistent with the Vehicle Code, a school bus must stop prior to the crossing, even if the yellow EXEMPT signs are placed. CPUC staff is aware of only two existing crossings where an EXEMPT sign with a yellow background was authorized after January 1, 1978.

In 1980, the Commission established General Order (GO)145 to provide a revised process for reviewing requests submitted to the Commission after January 1, 1978, consistent with CVC § 22452.5. GO 145 also discusses updates to the Exempt Crossings List.

The Commission received few requests to establish exempt crossings since GO 145 was established. The CPUC staff has not distributed the Exempt Crossings List since Resolution EXC-5 was issued due to the rarity of additions to the list since 1978.

DISCUSSION

Commission’s Rail Safety Division (RSD) reviewed over 1,200 crossings listed in the Exempt Crossings List published in 1977 as part of Resolution (Res.) EXC-5. RSD compared that list against current crossing maps and records. RSD finds that a significant update is needed to accurately identify the location and status of the crossings. The necessary changes are mostly due to subsequent alterations in physical conditions such as removal of the track or roadway. RSD also recommends modifications to reduce confusion about the identification of crossings resulting from the many changes in railroad companies, crossing identification numbers, and roadway names since 1977.

RSD identified 414 exempt crossings which remain in existence as of 2023. These crossings were previously authorized by the Commission as exempt and should remain on the Exempt Crossings List. The updated “Exempt Crossings List” is provided in Appendix A.

The list of the 819 crossings removed from the Exempt Crossings List is provided in Appendix D. These crossings are no longer included on the list because either

the crossings no longer exist (802 crossings), or the conditions have substantially changed (17 crossings).

Of the 819 crossings removed from the Exempt Crossings List, 802 crossings no longer exist because track has been entirely removed from 760 locations and the road has been removed from 42 locations.

Of the 819 crossings removed from the Exempt Crossings List, 17 crossings remain in existence but have substantial changes in conditions that justify removal of the exempt status either due to public safety considerations (7 public crossings) or because public access is now restricted (10 private crossings). RSD identified 7 public crossings that should no longer be exempted from mandatory stopping requirements due to public safety considerations such as visibility of approaching trains, restrictions on horn use, presence of passenger train service, or other factors noted in Appendix E. RSD also found 10 private crossings which used to be along public roads that are now considered industry areas where public access is restricted. When contacted by RSD, the roadway authorities involved at these locations did not identify any objections to removing them from the Exempt Crossings List. This resolution authorizes the removal of the crossings in Appendix D. RSD provided notification of the removal of the crossings from the exempt list by direct contact when reviewing the crossings and by publication of the Exempt Crossings List on the CPUC-RSD website.

The updated Exempt Crossings List in Appendix A includes a column that identifies whether the crossing was declared as exempt based on a request to the Commission prior to January 1, 1978. RSD identified only two existing crossings that were authorized as exempt based on a request on or after January 1, 1978. In 1983, Commission Res. ET-1314 authorized the "Exempt" status at State Route 180, currently known as Bolsa Rd / State Route 25, in the San Benito County, (CPUC Crossing Number 001EB-2.90). In 1999, Commission Resolution SX-21 authorized the "Exempt" status at Willow Road in the San Mateo County (CPUC Crossing Number 001DAB-30.10).

GO 145, Section 4.4 states: "Grade Crossings declared 'Exempt' will be subject to periodic review and changes in conditions may warrant removal of 'Exempt' status from the grade crossing."

RSD identified 414 existing crossings previously authorized as exempt and which RSD proposes remain in the Exempt Crossings List. Of these, 240 crossings have a CPUC status of “Open” and 174 crossings have a CPUC status of “Track Disconnected.” (See, “Exempt Crossings List (2023)” provided in Appendix A.) The columns included in the Exempt Crossings List are described in Appendix B. The current list includes crossings identified in Resolutions EXC-5, ET-1314, or SX-21 that still exist today, and which RSD proposes to remain on the Exempt Crossings List.

RSD proposes to publish and maintain the updated Exempt Crossings List on the Commission’s public website, which will allow any organization to identify which crossings are designated in CPUC records as exempt from mandatory stop requirements. This resolution updates the notice requirement in Section 4.5 of GO 145, as notice by mail would be impractical given the number of entities involved cannot be reasonably ascertained or because the class of entities is so large that notice by mail would be costly. A notice by publication on the CPUC-RSD website is sufficient.

To allow for revisions to be completed more frequently and more efficiently by RSD, this Resolution delegates some maintenance of the Exempt Crossings List to RSD without requiring future resolutions. Delegation will allow RSD to routinely remove a crossing from the list if it no longer exists due to removal of the track from the roadway, removal of the roadway at the track, or removal of both track and roadway. Routine maintenance of the list to remove obsolete crossing records and correct the identifying details of existing crossings will allow more accurate identification of locations where vehicles are exempt from the mandatory stop requirements of CVC §§ 22452 and 22452.5.

This resolution does not change existing requirements specified in GO 145 Section 4.3 regarding the processing of a request for establishment of exempt status at a crossing. Approval of a new crossing to be added to the Exempt Crossings List shall be approved through a resolution issued by the Commission’s Executive Director under the process detailed by GO 145.

NOTICE

On January 4, 2024, this Resolution was published on the Commission's Daily Calendar.

COMMENTS

The draft resolution of the Rail Safety Division in this matter was published on the CPUC-RSD website on January 4, 2024, in accordance with Section 311 of the Public Utilities Code and Rule 14.2(d)(1) of the Commission's Rules of Practice and Procedure. RSD also provided the attached Notice of Availability to the California Highway Patrol, California Department of Transportation, and the California Department of Motor Vehicles since these agencies are involved with the regulations and laws for Exempt signs at crossings.

No comments were received.

FINDINGS

1. GO 145, Section 4.4, states that "changes in conditions may warrant removal of "Exempt" status from the grade crossing."
2. Prior authorizations for exemption from CVC §§ 22452 and 22452.5 ("Exempt" status) are no longer relevant at crossings which no longer exist.
3. Of the over 1200 crossings previously authorized in Resolution EXC-5 for "Exempt" status, 802 crossings no longer exist due to either removal of the track or removal of the roadway.
4. Of the over 1200 crossings previously authorized in Resolution EXC-5 for "Exempt" status, 7 existing public crossings are identified in Appendix A where changes in conditions since 1977 justify the need for certain vehicles to stop consistent with the mandatory stop requirements of CVC §§ 22452 and 22452.5.

5. Of the over 1200 crossings previously authorized in Resolution EXC-5 for “Exempt” status, 10 existing private crossings are identified in Appendix A where changes in conditions since 1977 that restrict public access to the location justify removal of the “Exempt” status from the crossing.
6. There are two existing crossings which were authorized for “Exempt” status after January 1, 1978, and which therefore did not appear in Resolution EXC-5.
7. The identifying characteristics of crossings such as roadway name and identification numbers may change over time.
8. The Exempt Crossings List has not been widely distributed since Resolution EXC-5 was published on November 29, 1977.
9. There is a need to publish a major update to the Exempt Crossings List as provided in Appendix A.
10. There is an ongoing need for routine corrections and updates to the list to accurately identify crossings which are authorized as exempt from the mandatory stop requirements of CVC §§ 22452 and 22452.5.
11. Routine corrections and updates of the Exempt Crossings List can be more frequently and efficiently completed by RSD if authority is delegated to RSD.
12. RSD recommends that the Commission adopt this Resolution.

THEREFORE, IT IS ORDERED THAT:

1. The California Public Utilities Commission adopts an updated list (“Exempt Crossings List (2023)”) of 414 crossings that have previously been authorized and remain classified as exempt from the mandatory stop requirements of California Vehicle Code (CVC) §§ 22452 and 22452.5, as identified in Appendix A of this Resolution.

RESOLUTION SX-151

APPENDIX B: COLUMNS IN THE EXEMPT CROSSINGS LIST

<u>Column</u>	<u>Example</u>	<u>Description</u>
County	Alameda	County where the crossing is located.
Roadway Authority	City of Union City	Roadway authority such as the city, county for unincorporated areas, or Caltrans District for state highways.
CPUC Crossing Number	004-26.78-C	<p>CPUC crossing identification number(s). This system has been used since approximately 1920.</p> <p>The first set of 3 digits represents the Railroad list designation. Examples: 001 – Union Pacific Railroad (UP) 002 – BNSF Railway (BNSF)</p> <p>The next set of up to 3 letters represents the branch line designation. Examples: 002H – BNSF’s Harbor Branch 101OR – Metrolink’s Orange Subdivision</p> <p>The line designation is followed by the milepost, which roughly represents distance from a reference point (this can be the beginning of a line, a station, or another such location). Example: 101OR-167.80 – Crossing is on SCRRA’s Orange Subdivision, at milepost 167.80.</p> <p>The milepost is followed by any applicable suffix codes: A – Grade separated, roadway Above tracks B – Grade separated, roadway Below tracks C – Spur track D – Pedestrian or bicycle only, or alley T – Track over Track X – Private</p> <p>The absence of a suffix indicates the crossing is: at-grade, main or branch line track, vehicular use, and public use. Example: 101OR-167.80-AD - This is on SCRRA's Orange subdivision, at milepost 167.80, grade-</p>

		separated (roadway Above tracks), mainline, pedestrian, public crossing.
DOT Crossing Number	834198P	Federal Railroad Administration crossing identifier. The U.S. Department of Transportation (U.S. DOT), through its Federal Railroad Administration (FRA), uses a numbering system to identify all railroad crossings (and some light rail crossings) throughout the United States. The DOT crossing number consists of 6 digits followed by a letter. On the CPUC's list of crossings, "TBD" in the DOT crossing number field indicates that the number is not known or has not been assigned. DOT numbers can be queried by visiting FRA's crossing inventory website.
Roadway Name	PACIFIC ST	Short name for the crossing location. This is typically the roadway name.
CPUC Crossing Status	Open	Status of the crossing as identified by CPUC staff. Options include: Open: The crossing is currently open along the track and roadway. Track Disconnected: The track remains in the roadway but has been physically disconnected from the rail system and cannot be accessed by trains.
Exemption Status	Exempt - Pre 1978	“Exempt” status of the crossing based on historical documentation. Options include: Exempt - Pre 1978: Exemption request was submitted to CPUC prior to January 1, 1978. Exempt - Post 1978: Exemption request was submitted to CPUC on or after January 1, 1978.
Exemption Authorization Document	EXC-5	The Commission document or authorization which identifies the “Exempt” status of the crossing. Most authorized locations were listed in the 1977 Commission Resolution EXC-5.
Latitude	37.596110	Geographic coordinate (latitude) to identify the location of the crossing on a map.
Longitude	-122.039424	Geographic coordinate (longitude) to identify the location of the crossing on a map.

APPENDIX C - Resolution EXC-5

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Resolution No. EXC-5
Case 5979
Transportation Division

(RESOLUTION MAKING DELETIONS AND CHANGES TO THE LIST OF)
(SPUR TRACK GRADE CROSSINGS EXEMPT FROM THE PROVISIONS OF)
(SECTION 22452 OF THE STATE OF CALIFORNIA VEHICLE CODE)

The original list of spur track grade crossings exempt from the provisions of Section 22452 of the State of California Vehicle Code was published as Appendix B of Decision 58885 in Case 5979, dated August 18, 1959. Subsequent deletions, additions, changes and corrections were made to Commission Decision 58885 by 12 supplemental decisions in Case 5979.

Appendix B of Decision 58885, as modified by the 12 supplemental decisions and Attachment A of Resolution EXC-1, dated July 25, 1972, was superseded by Attachment B to that Resolution, which then constituted the list of spur track grade crossings exempt from the provisions of Section 22452 of the State of California Vehicle Code.

It has now developed that certain changes, corrections, deletions and additions should be made to the Exempt Grade Crossing List, as published in Attachment B of Resolution EXC-1, dated July 25, 1972.

IT IS ORDERED that the following changes, corrections, deletions and additions, as set forth in First Revised Sheets 2, 3, 7, 8, 9, 11, 21, 22, 26, 33, 37 and Second Revised Sheets 13, 15, 17, 27, 29 and Third Revised Sheets 1, 4, 5, 6, 10, 12, 14, 16, 18, 19, 24, 25, 41, 43, 44 and Fourth Revised Sheets 30, 40, 42 and 45 of Attachment B attached hereto be made a part of Resolution EXC-1, in place of Original Sheets 2, 3, 7, 8, 9, 11, 21, 22, 26, 33, 37 and First Revised Sheets 13, 15, 17, 27, 29 and Second Revised Sheets 1, 4, 5, 6, 10, 12, 14, 16, 18, 19, 24, 25, 41, 43, 44 and Third Revised Sheets 30, 40, 42 and 45.

The Executive Director shall mail a copy of this resolution to each and every public agency having control of the grade crossings listed in Attachment B and each and every railroad, passenger stage corporation, charter-party carrier of passengers and highway common carriers having authority to transport petroleum products in bulk in tank vehicles, subject to the jurisdiction of this Commission.

I certify that the foregoing resolution was duly introduced, passed and adopted at a conference of the Public Utilities Commission of the State of California, held on the 29th day of November, 1977, the following Commissioners voting favorably thereon:

Robert Batinovich, President
William Symons, Jr., Vernon L. Sturgeon,
Richard D. Gravelle, Claire T. Dedrick, Commissioners

Executive Director

RESOLUTION SX-151

APPENDIX E: LIST OF EXISTING CROSSINGS REMOVED FROM THE EXEMPT CROSSINGS LIST

<u>County</u>	<u>Location</u>	<u>CPUC Crossing Number</u>	<u>DOT Crossing Number</u>	<u>Resolution EXC-5 Description</u>	<u>Latitude, Longitude</u>	<u>Reason</u>
Contra Costa	Unincorporated	001B-41.27-CX	980217R	Port Chicago Martinez Road easterly navy spur (B-41.27-C) [strikeout]	38.048034, -122.021762	The crossing is now a private crossing within a private industry. Note: The entry showed a strikeout in Resolution EXC-5 and was marked “Removed”, although the track was not actually removed.
Contra Costa	Richmond	002K-1.00	015320U	2nd Street and Virginia Street (2K-1.0-C) [strikeout]	37.926442, -122.367989	The crossing is now part of a Quiet Zone (train horn restriction). Note: EXEMPT signs are not currently posted. The entry showed a strikeout in Resolution EXC-5, suggesting that the past spur track may already have been removed as of 1977.
Contra Costa	Richmond	079-1.45	751656U	Marina Way - South 1,000 ft. north of Hall Avenue (A-14.91-C)	37.916751, -122.355923	The crossing is now part of a Quiet Zone (train horn restriction). Note: EXEMPT signs are not currently posted.
Kern	Unincorporated	002-787.67-CX	028216M	Suchow Road, 700 ft. west of Boron Avenue (2-787.8-C)	35.033817, -117.696095	The crossing is now a private crossing within a private industry.

List of Existing Crossings Removed from the Exempt Crossings List (SX-151)

<u>County</u>	<u>Location</u>	<u>CPUC Crossing Number</u>	<u>DOT Crossing Number</u>	<u>Resolution EXC-5 Description</u>	<u>Latitude, Longitude</u>	<u>Reason</u>
Kern	Unincorporated	002-787.68-CX	028214Y	Suchow Road (2-788.2-C)	35.033359, -117.696167	The crossing is now a private crossing within a private industry.
Kern	Unincorporated	002-787.69-CX	028220C	Suchow Road (2-789.3-C)	35.033174, -117.696494	The crossing is now a private crossing within a private industry.
Los Angeles	Los Angeles	003-1.85-C	747586A	14th Street, west of Santa Clara Street (3-1.85-C)	34.02358, -118.233576	The crossing has severe sightline obstructions and does not have active warning devices. Note: EXEMPT signs are not currently posted.
Los Angeles	Los Angeles	121AB-21.20-CX	931138W	Barracuda and Bass Streets (23D-1.43-C)	33.73742, -118.26354	The crossing is now a private crossing within a private industry.
Los Angeles	Los Angeles	121AE-20.40-CX	760434J	Dock Street, 400 ft. south of Altoona Place (23D-0.06-C)	33.746743, -118.266159	The crossing is now a private crossing within a private industry.
Los Angeles	Los Angeles	121SB-2.00-CX	931102N	Anacapa Street and San Clemente Avenue (23B-0.26-C)	33.76229, -118.26364	The crossing is now a private crossing within a private industry.
Los Angeles	Vernon	001BG-486.12-C	747605C	Ross Street (BG-486.12-C)	34.008505, -118.236916	The crossing has severe sightline obstructions and does not have active warning devices. Note: EXEMPT signs are not currently posted.

List of Existing Crossings Removed from the Exempt Crossings List (SX-151)

<u>County</u>	<u>Location</u>	<u>CPUC Crossing Number</u>	<u>DOT Crossing Number</u>	<u>Resolution EXC-5 Description</u>	<u>Latitude, Longitude</u>	<u>Reason</u>
Riverside	Unincorporated	002T-2.30-CX	974335E	Porphry Road (2T-2.3-C)	33.854861, -117.521347	The crossing is now a private crossing within a private industry.
Riverside	Corona	002T-3.10-CX	979278K	Compton Avenue at Chase Drive (2T-3.1-C)	33.84862, -117.51131	The crossing is now a private crossing within a private industry.
San Bernardino	Chino	001BAB-520.30-C	924493T	'F' Street (BAB-520.3-C)	34.010977, -117.691563	The crossing has severe sightline obstructions and does not have active warning devices. Note: EXEMPT signs are not currently posted.
San Diego	San Diego	002-270.00-CX	026917U	Belt Street (2-270.0-C)	32.692013, -117.140318	Private crossing within a private industry.
San Mateo	Redwood City	001EA-26.46	754944Y	Pine Street, 200 ft. south of Heller Street (EA-26.2-C)	37.480437, -122.221873	A private access gate has been constructed immediately downstream of the track, resulting in greater potential that vehicles may stop on the tracks. Note: The crossing has passive warning devices and appears to have been modified in recent years without CPUC authorization. EXEMPT signs are not currently posted.
Santa Clara	San Jose	001L-39.80	749961E	Route 237, West of Lafayette Street (L-39.8)	37.41783, -121.974655	The crossing includes passenger railroad service. Note: EXEMPT signs are not currently posted. The roadway
