

**SS-25 Action Plan for
April 21, 2017**

SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities

**SS-25 Action Plan for
April 22, 2017**

SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities

**SS-25 Action Plan for
April 23, 2017**

SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities

**SS-25 Action Plan for
April 24, 2017**

SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities

**SS-25 Action Plan for
April 25, 2017
SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews**

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities

Activities That Require Approval

- Schlumberger to collect DTS temperature data on SS-25

Work To Commence on April 26, 2017:

- GM Volkmar Consulting, Krummrich Engineering, Ensign Well Services, Doby Hagar Trucking, and Weatherford, to conduct a job walk in anticipation of moving a workover rig and associated equipment for SS-25 A

**SS-25 Action Plan for
April 26, 2017
SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews**

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities
- GM Volkmar Consulting, Krummrich Engineering, Ensign Well Services, Doby Hagar Trucking, and Weatherford, to conduct a job walk in anticipation of moving a workover rig and associated equipment for SS-25 A

Activities That Require Approval

- ISI to shoot fluid levels on SS-25, SS-25A and SS-25B
- Geosyntec to conduct BMP inspection and maintenance as needed

**SS-25 Action Plan for
April 27, 2017
SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews**

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities
- GM Volkmar Consulting, Krummrich Engineering, Ensign Well Services, Doby Hagar Trucking, and Weatherford, to conduct a job walk in anticipation of moving a workover rig and associated equipment for SS-25 A

**SS-25 Action Plan for
April 28, 2017**

SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities

**SS-25 Action Plan for
April 29, 2017**

SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities

**SS-25 Action Plan for
April 30, 2017
SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews**

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities

Activities That Require Approval

Work To Commence on May 1, 2017:

- U.C.I to conduct site preparation for pending rig work
- Ensign to conduct site preparation for pending rig work
- Krummrich Engineering to conduct site preparation for pending rig work

**SS-25 Action Plan for
May 1, 2017
SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews**

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities

Activities That Require Approval

- U.C.I to conduct site preparation for pending rig work
- Ensign to conduct site preparation for pending rig work
- Krummrich Engineering to conduct site preparation for pending rig work

Work to Commence on May 2, 2017:

- Schlumberger to collect DTS temperature data on SS-25
- Schlumberger to remove DTS line from SS-25B following data retrieval
- T&T Crane to assist Schlumberger with removal of DTS line from SS-25B

**SS-25 Action Plan for
May 2, 2017
SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews**

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities

Activities That Require Approval

- U.C.I to conduct site preparation for pending rig work
- Ensign to conduct site preparation for pending rig work
- Krummrich Engineering to conduct site preparation for pending rig work
- Schlumberger to collect DTS temperature data on SS-25
- Schlumberger to remove DTS line from SS-25B following data retrieval
- T&T Crane to assist Schlumberger with removal of DTS line from SS-25B

Work to Commence on May 3, 2017:

- T&T Crane to move evidence trailer from SS-9 to PS-20 under direction/supervision of BLADE

**SS-25 Action Plan for
May 3, 2017
SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews**

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities
- U.C.I to conduct site preparation for pending rig work
- Ensign to conduct site preparation for pending rig work
- Krummrich Engineering to conduct site preparation for pending rig work
- Schlumberger to collect DTS temperature data on SS-25
- Schlumberger to remove DTS line from SS-25B following data retrieval
- T&T Crane to assist Schlumberger with removal of DTS line from SS-25B
- T&T Crane to move evidence trailer from SS-9 to PS-20 under direction/supervision of BLADE. CPUC and/or DOGGR Aliso Incident engineer(s) to be present during move and sign off on evidence transfer protocol
- Evidence trailer site camera set up and field of vision system validation test with CPUC Lead
- ISI to shoot fluid levels on SS-25, SS-25A and SS-25B
- Quality Ag to remove weeds and brush in anticipation of pending rig work **(May 4, 2017)**

Activities That Require Approval

- AECOM to conduct SS-25 camera system inspection

**SS-25 Action Plan for
May 4, 2017
SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews**

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities
- U.C.I to conduct site preparation for pending rig work
- Ensign to conduct site preparation for pending rig work
- Krummrich Engineering to conduct site preparation for pending rig work
- T&T Crane to move evidence trailer from SS-9 to PS-20 under direction/supervision of BLADE. CPUC and/or DOGGR Aliso Incident engineer(s) to be present during move and sign off on evidence transfer protocol
- Evidence trailer site camera set up and field of vision system validation test with CPUC Lead
- Quality Ag to remove weeds and brush in anticipation of pending rig work
- AECOM to conduct SS-25 camera system inspection

**SS-25 Action Plan for
May 5, 2017
SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews**

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities
- U.C.I to conduct site preparation for pending rig work
- Ensign to conduct site preparation for pending rig work
- T&T Crane to move evidence trailer from SS-9 to PS-20 under direction/supervision of BLADE. CPUC and/or DOGGR Aliso Incident engineer(s) to be present during move and sign off on evidence transfer protocol
- Evidence trailer site camera set up and field of vision system validation test with CPUC Lead
- Quality Ag to remove weeds and brush in anticipation of pending rig work
- AECOM to conduct SS-25 camera system inspection

Activities That Require Approval

- BCI to deliver office furniture to pods on site **(May 6, 2017)**

**SS-25 Action Plan for
May 6, 2017**

SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities
- U.C.I to conduct site preparation for pending rig work
- Ensign to conduct site preparation for pending rig work
- Quality Ag to remove weeds and brush in anticipation of pending rig work

Activities That Require Approval

- BCI to deliver office furniture to pods on site

**SS-25 Action Plan for
May 7, 2017
SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews**

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities
- U.C.I to conduct site preparation for pending rig work
- Ensign to conduct site preparation for pending rig work

Activities That Require Approval

- BCI to deliver office furniture to pods on site
- Texas Oil Laboratory to collect samples from SS-25A (**work to commence on May 8, 2017**)
- Ensign, Cameron, BCI, Doby Hagar, Weatherford, Geo Fluids, and Onyx to initiate rig mobilization and set-up on SS-25A (**work to commence on May 8, 2017**)

**SS-25 Action Plan for
May 8, 2017
SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews**

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities
- U.C.I to conduct site preparation for pending rig work
- Ensign to conduct site preparation for pending rig work

Activities That Require Approval

- BCI to deliver office furniture to pods on site
- Texas Oil Laboratory to collect samples from SS-25A
- Ensign, Cameron, BCI, Doby Hagar, Weatherford, Geo Fluids, Onyx to initiate rig mobilization and set-up on SS-25 A
- DOGGR District personnel onsite to observe SS-25 A activities
- Co's Traffic Control to provide logistical support for SS-25 A activities

**SS-25 Action Plan for
May 9, 2017
SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews**

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities
- U.C.I to conduct site preparation for pending rig work
- Texas Oil Laboratory to collect samples from SS-25A
- Ensign, Cameron, BCI, Doby Hagar, Weatherford, Geo Fluids, Onyx and Krummrich Engineering to initiate rig mobilization and set-up on SS-25 A
- DOGGR District personnel onsite to observe SS-25 A activities
- Co's Traffic Control to provide logistical support for SS-25 A activities

**SS-25 Action Plan for
May 10, 2017
SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews**

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities
- U.C.I to conduct site preparation for pending rig work
- Texas Oil Laboratory to collect samples from SS-25A
- Ensign, Cameron, BCI, Doby Hagar, Weatherford, Geo Fluids, Onyx and Krummrich Engineering to initiate rig mobilization and set-up on SS-25 A
- DOGGR District personnel onsite to observe SS-25 A activities
- Co's Traffic Control to provide logistical support for SS-25 A activities

Activities That Require Approval

- Geosyntec to provide site support in preparation of SS-25A monitoring point survey (**May 9, 2017**)
- WM Survey to survey monitoring points for SS-25A
- ISI to shoot fluid levels on SS-25, SS-25A and SS-25B

**SS-25 Action Plan for
May 11, 2017
SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews**

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities
- U.C.I to conduct site preparation for pending rig work
- Texas Oil Laboratory to collect samples from SS-25A
- Ensign, Cameron, BCI, Doby Hagar, Weatherford, Geo Fluids, Onyx and Krummrich Engineering to initiate rig mobilization and set-up on SS-25 A
- DOGGR District personnel onsite to observe SS-25 A activities
- Co's Traffic Control to provide logistical support for SS-25 A activities

Activities That Require Approval

- Geosyntec to provide site support in preparation of SS-25A monitoring point survey
- WM Survey to survey monitoring points for SS-25A
- Generator Services Co Inc. to conduct maintenance of rig generator
- Versa-Line to conduct a job walk for pending logging work
- Pacific Petroleum to conduct portable restroom maintenance

**SS-25 Action Plan for
May 12, 2017
SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews**

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities
- California Public Utilities Commission, Safety & Enforcement Division (CPUC SED), Division of Oil, Gas and Geothermal Resources (DOGGR) District personnel, DOGGR SED, and Blade Energy Partners (BLADE) onsite to observe SS-25 A activities
- The following companies to perform well work/provide support at SS-25 A:
 - Ensign
 - Cameron
 - BCI
 - Doby Hagar
 - Weatherford
 - Geo Fluids
 - Onyx
 - Krummrich Engineering
 - U.C.I.
 - Texas Oil Laboratory
- Co's Traffic Control to provide logistical support for SS-25 A activities

Activities That Require Approval

- Geosyntec, WM Survey, Generator Services Co Inc., Baker Hughes, Versa- Line, Schlumberger, Halliburton, NOV Tubulars, Pacific Petroleum, ISI, and Argus to perform well work/provide support at SS-25 A

**SS-25 Action Plan for
May 13, 2017**

SS-25 Well Site Field Operations Supervisors: Chris Smith and Larry Andrews

SS-25 Approved Activities

- SoCalGas to conduct daily leak survey by FLIR camera pursuant to AQMD Order for Abatement
- SoCalGas to take SS-25 A&B pressure reads (DOGGR directive)
- SoCalGas personnel onsite to support SS-25 activities
- California Public Utilities Commission, Safety & Enforcement Division (CPUC SED), Division of Oil, Gas and Geothermal Resources (DOGGR) District personnel, DOGGR SED, and Blade Energy Partners (BLADE) onsite to observe SS-25 A activities
