

COMMISSION POLICY	
Category: Strategic Directive	Title: Mission/Vision
Date of Adoption:	Policy Number: SD-?
Revision:	Resolution No.
	Resolution No.

The mission of the California Public Utilities Commission is to ensure the provision of safe, reliable, resilient, sustainable and accessible utility and transportation service at reasonable rates, safeguard the environment, and support a healthy California economy.

To succeed, we will continuously improve our procedures to support clear, impartial, effective, efficient and timely regulatory action, collaborate effectively with other governmental entities, and stimulate innovation and promote competitive markets in the industries we regulate.
